

# MUNICIPALITY OF BETHEL PARK REQUEST FOR PROPOSAL INFORMATION TECHNOLOGY SERVICES NETWORK SUPPORT

#### I. <u>Introduction</u>

The Municipality of Bethel Park is seeking proposals for its Information Technology needs. The objective of this Request for Proposal (RFP) is to identify qualified information technology service providers that can provide the highest quality service at the best value to meet the specific information technology needs of the Municipality. This RFP intends to cover all the necessary information that a bidder may need in to complete a comprehensive proposal; however, if there are products or services that the bidder's organization can offer that may add value to the relationship and/or improve current processes, please ensure that they are outlined in the submission.

The purpose of this RPF is to:

- Clarify what existing and additional network support services the Municipality needs
- Clearly establish a cost for those services
- Increase efficiency of existing Municipality IT personnel
- Evaluate latest products and services
- Assess implementation capabilities and support offered.
- Clearly define hourly or monthly rates for all relevant IT products and services

#### II. Instructions and Schedule

- All proposals in response to this RFP must be sealed and received by the Municipality in writing. Three copies of the proposal must be submitted.
- Proposals must be submitted by Friday, April 8th, 2022 by 12:00 PM to:

Karen Colussi IT & Communications Administrator 5100 West Library Avenue Bethel Park, PA 15102

- Proposals received prior to the submittal deadline will be treated as confidential up to the proposal submittal date.
- Please list services, pricing, and any additional details with the corresponding items listed in the Current Scope of Technology Needs in Section IV. Use of a spreadsheet is preferred.
- The sealed proposals will be opened on Friday, April 8<sup>th</sup>, at 3 PM.

- Proposals received after the deadline will not be considered in the evaluation process.
- The Municipality will provide an opportunity for vendors to walk through our Municpal Building, Public Works Building, and Community Center. Vendors may ask any questions they have at that time.
- If the bidder takes exception to any statements or requests herein, it must be clearly stated in the proposal.
- The Municipality reserves the right to request additional information about any bidder as reasonably required, or the right to request and conduct interviews.
- The Municipality will not be liable for any costs incurred by any Bidder in connection with this RFP or any proposal by any bidder. The expenses incurred by bidders in preparation, submission, or presentation are the sole responsibility of bidder.
- The Municipality shall not be liable for any costs not included in the proposal nor contracted for subsequently.
- The specifications stated in this RFP are the minimum level of services required and bids submitted must include services that meet or exceed the minimum level of all features listed. The Municipality welcomes proposals showcasing additional or different information technology solutions, provided the minimums are met.
- It is the responsibility of all bidders to examine the entire RFP and seek clarification of any requirement that may not be clear and to check all responses for accuracy before submitting a proposal. Negligence in preparing a bid confers no right of withdrawal after the submission deadline. Bidders are strongly encouraged to:
  - consider applicable laws and/or economic conditions that may affect cost, progress, and performance.
  - correlate bidder's knowledge and observations with the RFP document and other related data.
  - promptly notify the Municipality of all conflicts, errors, ambiguities, or discrepancies which a bidder has discovered in or between this RFP and such other related documents.
- The Municipality reserves the right to:
  - o waive any immaterial defect or informality.
  - o reject any or all bids or portions thereof.
  - split the award among the individual groups of items to different institutions
  - o reissue the solicitation

## III. Current Technology Structure

The organization that is selected will be supporting the Municipality's current IT and Communications Administrator. Currently, the IT Administrator supports the day-to-day Municipality operations that include the Municipality Administration, Police, Public Works, Water and Sewer Authority, and the Community and Recreation Facilities.

The Municipality is looking for support managing Municipality network equipment, as well as addressing network related needs that arise on a day-to-day basis.

## IV. <u>Current Scope of Technology Needs</u>

### Summary of IT service needs.

Support for these existing services may be requested by Municipality IT staff at some point during the vendor's contract period.

- 24 x 7 x 365 real-time status monitoring and notifications to Municipality IT personnel of switches, wireless access points, and firewalls at all Bethel Park locations.
- Vendor will also be supporting Office 365 Exchange, Azure Active Directory, Active Directory, Windows Server 2012, 2016 and 2019, and VMWare.
- Coordinate and schedule monthly server software and hardware updates with the IT Administrator and police command staff.
- Collaborate, as needed, with the desktop support services vendor or desktop support staff to resolve network related issues.
- Vendor should be certified or a certified vendor partner in the following equipment and services:
  - Sonicwall TZ500, TZ300, and TZ350 series firewalls
  - Dell PowerEdge servers
  - Meraki MR33 series wireless access points
  - Meraki MS120 series switches
  - Microsoft Office365 Administration, Exchange, and Azure Active Directory
  - Microsoft SQL server
- Support and maintain network security and device configurations such as firewall rules, digital certificates, VLANs, and VPN tunnels and make changes or repairs as needed.
- Provide a contact number and helpdesk assistance 24 x 7 x 365 for after-hours network support to all users as needed.

- Provide responsive 24 x 7 x 365 hands-on support in urgent situations, such as network outages or cyber-security incidents.
- Provide VPN and remote access support for all users
- Provide the ability to remotely access municipality network resources and remote users from any location outside the Municipality network, if needed.
- Coordinate and work with other existing Bethel Park vendors on radio communications, phone, building cameras, and door security access issues as needed.
- Any support for the Municipality also includes support to the Municipality's police department Communications and Dispatch center. Any vendor employee that will be providing support to the police department will be required to pass a criminal history background check with the Federal Bureau of Investigation and the Pennsylvania State Police. Additionally, vendor employees must have successfully completed Pennsylvania State Police CJIS training (provided by the Bethel Park Police Department). Certificates or adequate documentation for the background checks and the successful completion of that training must be submitted to the IT Administrator within thirty days of any contract being signed.
- Provide a helpdesk ticketing system to document and track support requests that allows Municipality IT personnel to clearly locate and see the quantity and status of open tickets using a monthly reporting system.

# V. Please include the following information in a spreadsheet with your RFP:

- Services and Fees- It is the responsibility of the responding institution to clearly identify which service requests will be fulfilled by the proposal and any fees or costs associated with the service. Specifically, include the costs for:
  - 1. Helpdesk support during normal business hours, 8:00 AM to 4:30 PM
  - 2. Helpdesk support outside of normal business hours, 4:30 PM to 8:00 AM, evenings, weekends, holidays.
  - 3. Onsite support during normal business hours, 8:00 AM to 4:30 PM
  - 4. Onsite support outside of normal business hours, 4:30 PM to 8:00 AM, evenings, weekends, holidays.
  - 5. Cost of project labor rates that fall outside the scope of the RFP.
  - 6. The cost of any required digital storage for Municipal data.
  - 7. Any additional fees for any of the above listed services not covered under the RFP.
- Provide contact information for your 24 x 7 x 365 helpdesk and support staff.

- Provide three reputable references and any relevant governmental and law enforcement experience.
- Proposed service level agreements, such as response time, or call to repair times during normal or after business hours.
- Please provide a service transition and implementation strategy.

#### VI. Other Considerations:

- The vendor may bid on more than one Municipality of Bethel Park RFP.
- The bidder is welcome to propose additional services for the Municipality that may provide added value. Those items should be listed separately on the RFP. The Municipality is not obligated to accept any of these additional services.
- The proposed contract term for the RFP is one year with the option to renew a subsequent two year and three-year contract. The Municipality reviews all contracts with a solicitor before signing and moving forward with any agreement. This process typically takes up to eight weeks.
- Once a contract for the requested services has been signed, implementation of the agreed upon services will begin immediately, or at the conclusion of any previous contract with another vendor.
- Customer Service -For smooth and efficient operations, the Municipality needs to
  have dedicated project support staff that can quickly become familiar with our
  technology structure. We will be requesting service within normal business hours
  and occasionally after hours as well. In your proposal, please describe the level of
  service that will be provided.

# VII. Evaluation of Proposals

The Municipality will consider the following criteria in evaluating proposals:

- Relevant qualifications of service personnel and their ability to pass a criminal background check
- Cost and Flexibility of Services
- Ability to provide the services the Municipality is requesting
- Industry experience with governmental and law enforcement organizations
- Responsiveness to the RFP
- Certification or Partnerships with equipment manufacturers
- Any other criteria deemed appropriate by the Municipality in its sole discretion
- If necessary, oral interviews will only be required after the evaluation is completed.
- The Municipality is not required to accept the lowest cost proposal.
- The Municipality contact for the submission of proposals is:

Karen Colussi IT & Communications Administrator 5100 West Library Ave. Bethel Park, PA 15102 412.831.6800 x202
